Health Behavior/ Health Promotion

PERSONAL SUMMARY

Full Stack Web Developer with a background in Public Health research and education and client outreach through digital media. Technical skills in HTML, CSS, JavaScript and MVC and MERN Stack oriented web design and technologies. Effective communicator, team player, and charismatic learner with a penchant for organization and creating user-friendly, yet eye-catching design. Looking to leverage technical and interpersonal skills to develop full-stack applications that meet the client's goals and enhance the user experience as part of a quality-driven team.

EXPERIENCE

Community Outreach Assistant (EFNEP)

UA Cooperative Extension | Tucson, AZ | Jun 2019 - Apr 2021

- Trained 15 peers in video conferencing, PowerPoint, Google Forms, and web-based design technologies (e.g. Canva) who then successfully taught online courses to hundreds of participants using a combination of these technologies.
- Created and managed social media accounts for Pima county EFNEP program, increasing outreach to an average of 1,000 people per day and generated ongoing online program interest and participation.
- Designed online educational and recruiting resources such as presentations, flyers, infographics, and videos that are still being utilized by the Pima County EFNEP team.
- Taught dozens of nutrition classes to people of all ages masterfully delivering course content in both English and Spanish (both in-person and online) using a combination of technology and hands-on activities such as exercises and cooking demonstrations.
- Recognized by supervisor and county director for skillfully navigating the team to deliver our program remotely.

Intern/Researcher

Barrio Kroeger Lane (BKL) community | Tucson, AZ | Jan 2018 - May 2018

- Displayed strong research and communication skills by conducting a community health assessment for the BKL community gathering socioeconomic, environmental, and historical data from reputable scientific and governmental resources and from BKL leaders and community members.
- Generated a thorough Program and Evaluation Plan based on the findings of the assessment that aided the non-profit organization to apply for grants and secure funding for their community garden project.

Resource Coordinator/ Social Media Admin

Iskashitaa Refugee Network | Tucson, AZ | Jan 2016 - Dec 2016

- Applied professional and interpersonal skills and recruited dozens of participants through social media, email, and through community events maintaining steady client, volunteer, and donor engagement both online and in-person.
- Demonstrated strong multi-tasking skills by planning and teaching weekly food workshops and cooking, packaging, and selling dozens of food products sold to generate hundreds of dollars for the organization.
